ACCUPLACER Next Generation and Mathematics:

- The QAS sub-test cut score for "college ready" per FLDOE is 261 | This qualifies students to take "gateway" courses MAT 1033, MGF 1130, MGF 1131, or STA 2023 at NFC.
- Students planning to take the algebra sequence of courses at NFC must take the AAF sub-test and score a minimum of 263 to be eligible for MAC 1105. Otherwise, students can use MAT 1033 as a prerequisite for MAC 1105 eligibility without a score from the AAF sub-test.

BASIC SKILLS REMINDER FOR CAREER DUAL ENROLLMENT

Students enrolled in Career Certificate programs of 450 hours or more must complete an attempt on an entry-level basic skills assessment **within the first six (6) weeks of admission**. Students must demonstrate the required basic skills for their program before a certificate of completion can be awarded. Reference: Section: 1004.91, FS, and Florida SBE Rule 6A-10.040.

If a student does not meet the minimum required basic skills level, as determined by an approved assessment, the student will receive targeted instruction to address the identified deficiencies. After remediation, the student must be retested using a different form of the same assessment, if available.
